## § 532.285

10, step 2, rate for all payable hours of the shift.

(d) Employees whose regular scheduled rate exceeds the diving/tending rate on the day they perform such duties shall retain their regular scheduled rate on that day.

(e) An employee's diving/tending rate shall be used as the basic rate of pay for computing all premium payments for a shift.

(f) Employees who both dive and tend on the same shift shall receive the higher diving rate as the basic rate for all hours of the shift.

### **§ 532.283 Special wage schedules for nonappropriated fund tipped employees classified as waiter/waitress.**

(a) Tipped employees shall be paid from the regular nonappropriated fund (NAF) schedule applicable to the employee's duty station.

(b) A tip offset may be authorized for employees classified as Waiter/Waitress. For purposes of this section, a tipped employee is one who is engaged in an occupation in which he or she customarily and regularly receives more than \$30 a month in tips, and a tip offset is the amount of money by which an employer, in meeting legal minimum wage standards, may reduce a tipped employee's cash wage in consideration of the receipt of tips.

(c) A tip offset may be established, abolished, or adjusted by NAF instrumentalities on an annual basis and at such additional times as new or revised minimum wage statutes require. The amount of any tip offset may vary within a single instrumentality based on location, type of service, or time of service.

(d) If tipped employees are represented by a labor organization holding exclusive recognition, the employing NAF instrumentality shall negotiate with such organization to arrive at a determination as to whether, when, and how much tip offset shall be applied. Changes in tip offset practices may be made more frequently than annually as a result of collective bargaining agreement.

(e) Tip offset practices shall be governed by the Fair Labor Standards Act,

as amended, or the applicable statutes of the State, possession or territory where an employee works, whichever provides the greater benefit to the employee. In locations where tip offset is prohibited by law, the requirements of paragraphs (c) and (d) of this section do not apply.

### **§ 532.285 Special wage schedules for supervisors of negotiated rate Bureau of Reclamation employees.**

(a) The Department of the Interior shall establish and issue special wage schedules for wage supervisors of negotiated rate wage employees in the Bureau of Reclamation. These schedules shall be based on annual special wage surveys conducted by the Bureau of Reclamation in each special wage area. Survey jobs representing Bureau of Reclamation positions at up to four levels will be matched to private industry jobs in each special wage area. Special schedule rates for each position will be based on prevailing rates for that particular job in private industry.

(b) Each supervisory job shall be described at one of four levels corresponding to the four supervisory situations described in Factor I and four levels of Subfactor IIIA of the FWS Job Grading Standard for Supervisors. They shall be titled in accordance with regular FWS practices, with the added designation of level I, II, III, or IV. The special survey and wage schedule for a given special wage area includes only those occupations and levels having employees in that area. For each position on the special schedule, there shall be three step rates. Step 2 is the prevailing rate as determined by the survey; step 1 is 96 percent of the prevailing rate; and step 3 is 104 percent of the prevailing rate.

(c) For each special wage area, the Bureau of Reclamation shall designate and appoint a special wage survey committee, including a chairperson and two other members (at least one of whom shall be a supervisor paid from the special wage schedule), and one or more two-person data collection teams (each of which shall include at least one supervisor paid from the special wage schedule). The local wage survey

**§ 532.285**

**5 CFR Ch. I (1–1–08 Edition)**

committee shall determine the prevailing rate for each survey job as a weighted average. Survey specifications are as follows for all surveys:

(1) Based on Bureau of Reclamation activities and types of supervisory positions in the special wage area, the

Bureau of Reclamation must survey private industry companies, with no minimum employment size requirement for establishments, in the following North American Industry Classification System code subsectors:

2002 NAICS codes	2002 NAICS industry titles
211 .....	Oil and gas extraction.
212 .....	Mining (except oil and gas).
213 .....	Support activities for mining.
221 .....	Utilities.
333 .....	Machinery manufacturing.
334 .....	Computer and electronic product manufacturing.
335 .....	Electrical equipment, appliance, and component manufacturing.
484 .....	Truck transportation.
492 .....	Couriers and messengers.
493 .....	Warehousing and storage.
515 .....	Broadcasting (except Internet).
517 .....	Telecommunications.
562 .....	Waste management and remediation services.
811 .....	Repair and maintenance.

(2) Each local wage survey committee shall compile lists of all companies in the survey area known to have potential job matches. For the first survey, all companies on the list will be surveyed. Subsequently, companies shall be removed from the survey list if they prove not to have job matches, and new companies will be added if they are expected to have job matches. Survey data will be shared with other local wage survey committees when the data from any one company is applicable to more than one special wage area.

(3) For each area, survey job descriptions shall be tailored to correspond to the position of each covered supervisor in that area. They will be described at one of four levels (I, II, III, or IV) corresponding to the definitions of the four supervisory situations described in Factor I and four levels of Subfactor IIIA of the FWS Job Grading Standard for Supervisors. A description of the craft, trade, or labor work supervised will be included in each supervisory survey job description.

(d) Special wage area boundaries shall be identical to the survey areas covered by the special wage surveys. The areas of application in which the special schedules will be paid are generally smaller than the survey areas, reflecting actual Bureau of Reclamation worksites and the often scattered

location of surveyable private sector jobs. Special wage schedules shall be established in the following areas:

(e) These special schedule positions will be identified by pay plan code XE, grade 00, and the Federal Wage System occupational codes will be used. New employees shall be hired at step 1 of the position. With satisfactory or higher performance, advancement between steps shall be automatic after 52 weeks of service.

(f) (1) In the first year of implementation, all special areas will have full-scale surveys.

(2) Current employees shall be placed in step 2 of the new special schedule, or, if their current rate of pay exceeds the rate for step 2, they shall be placed in step 3. Pay retention shall apply to any employee whose rate of basic pay would otherwise be reduced as a result of placement in these new special wage schedules.

(3) The waiting period for within-grade increases shall begin on the employee's first day under the new special schedule.
